Series
Description

This series contains eight registers giving admissions to the Destitute Asylum. The Destitute Asylum was a place of refuge for those who were unable to work through age, infirmity or disability, and for destitute expectant mothers. Some inmates were placed there by fee-paying relatives.

Registers give the name of the applicant with personal details such as age, nationality, religion, last place of residence, occupation, date of arrival in South Australia and by what ship arrived. Also gives information regarding relations living in South Australia, reasons for admission, dates of admission and discharge, and proposed whereabouts.
